

**Walking map for McIntyre Creek trails v1**

This concept map allows a person to identify a set of walks, both for recreation, as well as in a more conventional 'active transportation' sense. It's also to encourage people in other parts of the city to look at their own neighbourhood's walkability.

Map created for *whitehorsetwalks.com*, August 8, 2012.  
Working to help build a stronger walking community in Whitehorse.

- |                 |               |                     |
|-----------------|---------------|---------------------|
| Disc Golf       | Commercial    | Museum              |
| Cultural Center | Toboggan Hill | Ball diamond        |
| Care Facilities | Playground    | Canada Games Center |
| School          | Rink          |                     |

Thick red lines: Motorized multi use trails  
thick green lines: Whitehorse cross-country ski trails

Orange lines: proposed Yukon River Corridor trail

Thick greenish-yellow: main area trails  
thin blueish lines: other trails

Distances in km are approximate  
All line work is unverified. Designation of main trails is to provoke discussion.  
Major changes around Whistle Bend development are not yet included in Google Earth imagery so aren't yet mapped.
